

# TRIBE DIGITAL VENTURES

## LIGHT PAPER

Tribe Digital Ventures is a real estate consultation company based in Australia with a strong foothold in debt and equity market. We aim to utilize the Web 3.0 and blockchain technology to digitize and globalize the current real estate industry. The TDV token is an ERC20 utility token based on Polygon blockchain and will be a crucial part of the Tribe Digital Ventures ecosystem and will work along with STO for real estate funding.

TDV token will allow holders to invest in the global real estate market

Investors of TDV tokens invest in all subventures of Tribe Digital Ventures Holdings Pty Ltd and will enjoy annual dividends.

TDV token holders get special invites to events and investment opportunities.
